Kringlen Park Survey – The new design is in your hands

As many of you know, the City of Spencer is rebuilding Kringlen Park. We want our residents and families to have a state-of-the-art park facility that we all can enjoy for years to come.

Plus, we want to return to the small-town rodeo circuit. A rodeo arena can bring in tourist dollars and provide a place where our youth can practice and show the skills they've spent years developing.

We need your ideas and suggestions. **Complete the survey online at www.cityofspencerok.gov** under **City News** or return the paper copy on the back of this newsletter to City Hall.

This is a chance to share your vision with the City Manager, City Council, and City Engineers. Don't hesitate! Complete the survey today!

You can (and should) pick more than one from each category. 😊

- Later photos of Spencer (1931 to today)
- Early news articles about Spencer
- Photos of Kringlen Park through the years
- News articles about the Star Elementary School tragedy
- Timeline of Spencer from its founding to the present
