

Kringlen Park Survey Results

Fall 2021

418 Total Responses

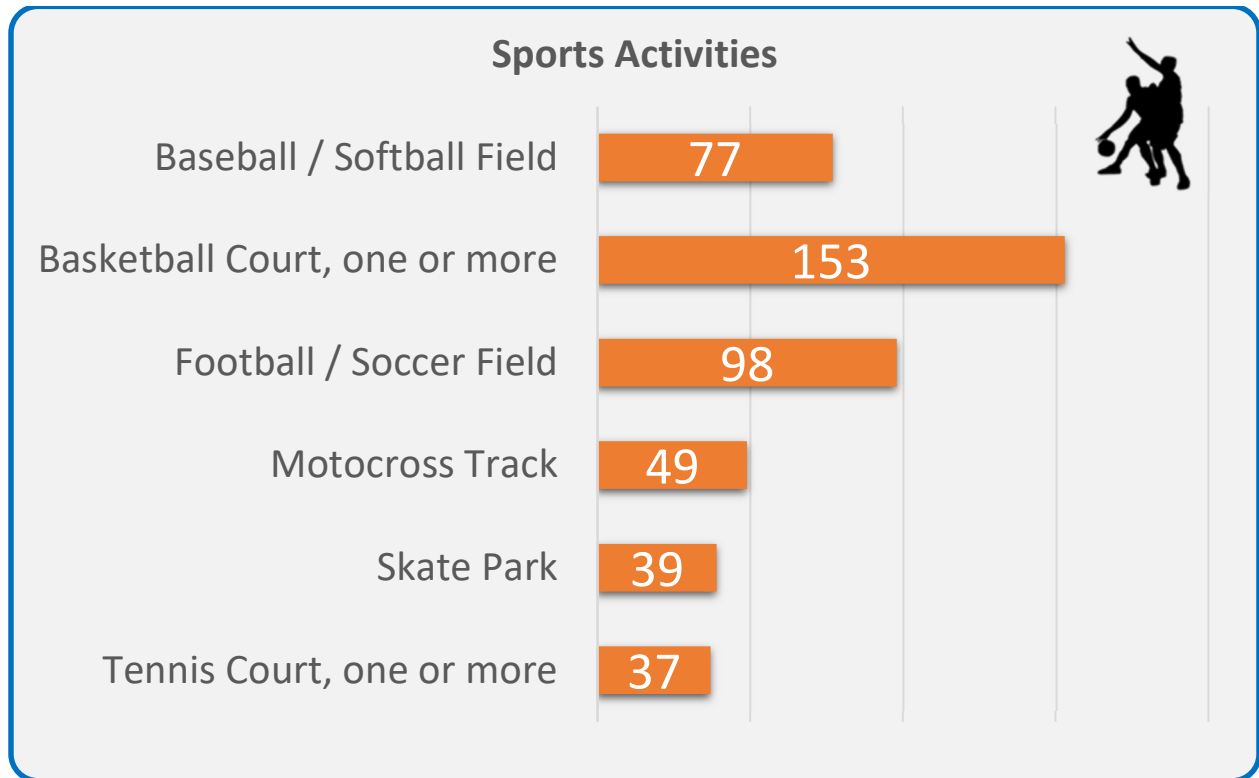

These responses are in addition to our plans for: Park benches, waste cans, restrooms, lighting, a possible Metro Library Branch

Other Ideas:

- Area for Vendors during events
- Sand pit
- Plenty of parking
- Wash-off stalls for horses, two horse walkers
- Area for round pens
- Covered arena for protection from weather
- Calf roping
- Catch pens, load in, bucking chutes, and roping box
- Place to train your horses

Kringlen Park Survey Results Fall 2021

Other Ideas:

- Gymnasium large enough for two basketball courts
- A gym could host volleyball tournaments to raise park revenue

Fall 2021

Other Ideas:

- A "garden wall" or backdrop for wedding photos
- Bike trails and bike racks
- Barbeque grills, picnic tables
- Drinking fountains
- Play areas designated for age groups, such as toddlers, preschool, ages 6 and older
- Lighting for play areas and walking trails
- Some of these activities can be used to earn money for the City of Spencer through city-sponsored tournaments

Kringlen Park Survey Results Fall 2021

Other Ideas:

- News articles about Spencer across the years
- History and picture of Kringlen Park's founding father

Additional Suggestions and Comments

(Some edits made for clarity and to summarize common ideas)

- Community center
- Book station that the kids could get a book, read, and return
- Flower gardens
- Grills would be a must if you are having a pavilion for picnics
- Gazebo
- Make it big
- Hose hookups for water
- Future Farmers of America (FFA)
- Star Spencer Bobcat foot prints
- RV hookups
- Security 24/7 and onsite preferred (many comments about security)
- Security cameras along walking trail and in parking areas
- Save the environment
- Vendor booths can be used for many things, including Art Festivals, and we could possibly rent spaces to other organizations.
- Some type of convention center that would cater to meetings, conventions, banquets, weddings/receptions, etc. It should accommodate around 100 people. Include partitions for smaller groups.
- I hope the new Kringlen Park Pavilion will put Spencer 'on the map' as a place to go even for other organizations and other cities in OK to rent/use the facilities on some sort of contractual basis. This is a possible way for our city to make extra \$.
- Corporate sponsors for each area to enable upgrading of facilities beyond what grants afford.
- Main focus, rodeo!! (multiple comments)
- Make it a safe haven for everyone
- Leave it open to the public for people to come, practice and enjoy themselves
- Police patrols at the arena to ensure the safety of others as well as the arena
- This park is all we have for the young kids. We Love Rodeo and riding horses! We need a fun, safe place and Kringlen is within walking distance for many.
- Instead of adding horse stalls, a covered riding arena would serve the horseback riding community year-round. This facility could create revenue by hosting horse events independent of the weather. An indoor arena would be outstanding but would settle for it being covered.

Kringlen Park Survey Results

Fall 2021

- Easy in and out access for big trucks and trailers
- We must give the younger horse generation a place to be
- Make Spencer inviting to be a place to visit/live
- Law abiding citizens, senior citizens, handicapped citizens, etc. should be considered in all activities for the youth and in how those groups can utilize all/some of these planned changes. Who will be governing programs, activities, etc. for this new venture?
- Have the city clean up yards and remove junk cars
- Code enforcement is a must for the park and surrounding areas
- Take pride in our city
- We need a laundry mat
